LIFTS®**  
*WE MAKE ELEVATED LIVING EASIER*

LIFE'S TOO SHORT  
FOR ALL THOSE TRIPS  
UP & DOWN THE STAIRS!

# INTRO.

*Add safety, convenience and luxury to your life!*

With a weight capacity of 1,000 lbs and a 4'x4' carriage, you'll transport more than just groceries in this spacious cargo lift. Whether it's everyday items like laundry and trash or heavy, bulkier items like luggage or gear - simply load your items into the carriage, press the remote and let your Legacy Lift do the work.

Don't sacrifice valuable floor space. A Legacy Lift® can be mounted on to the exterior of your home or structure. Whether you live on the coast, a lake or up in the hills, our cargo lifts are the ultimate convenience.

Take a load off. We have a team of highly-skilled, local professionals to install and customize your new Legacy Cargo Lift as needed. With Legacy Lifts®, you'll enjoy high standards of quality, safety, long-term service and reliability.

## FASTER.

If you live or work in a multi-story building, you already know what a hassle it can be to make multiple trips up and down the stairs. Even simple tasks like taking out the trash or bringing up the groceries can be exhausting. With the flip of a switch, you can change the travel speed of your lift up to 20' per minute for lighter loads, or 12' per minute for loads up to 1000 lbs. Our spacious 16-square-foot carriage means you can move more in less time.

## BETTER.

Unlike single-mast models on the market, Legacy Lifts®' dual-mast design provides twice the stability and thus, twice the safety. We use stainless steel, aircraft-grade cables that never double-wrap! Our powerful 2.0 horsepower motor is resin-filled for protection against the elements and for longevity. Our cargo lifts are windstorm certified to withstand winds up to 150 mph!

## **SAFER.**

We mean it! Our Legacy Cargo Lifts are designed with components that last. Legacy Lifts® are backed by a 5-year structural warranty, 2-year motor warranty, 2-year gearbox warranty, 1-year electrical warranty, and 1-year controls warranty, guaranteed against manufacturing defects and have a number of safety features such as smooth starts and stops, an intelligent failsafe control system, and reliable brakes.

# KEY FEATURES

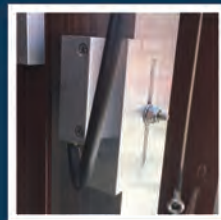

LIFT MORE IN LESS TIME WITH A 1,000-LB LIFTING CAPACITY — OPTIMIZED FOR SPEED.

POWERFUL 2.0 HORSEPOWER MOTOR (100% MORE POWERFUL THAN OTHER LIFTS) THAT'S RESIN-FILLED FOR LONGEVITY.

PACK IT ALL IN WITH OUR GENEROUS CARRIAGE SIZE.

RELIABLE, FINELY-TUNED LIMIT SWITCHES MAKE SURE THE LIFT ALWAYS STOPS AT THE SAME POSITION — EVEN AFTER YEARS OF WEAR.

SMOOTHLY CONTROL YOUR LIFT WITH OUR REMOTE CONTROL, FEATURING SOFT STARTS AND STOPS, ALONG WITH 2 SPEED SELECTIONS.

STRONG STRUCTURAL COMPONENTS WITH 5-1/8" I-BEAM MASTS (NOT 4" LIKE OTHER LIFTS) PREVENT FLEXING AND INSTABILITY.

OUR STAINLESS STEEL DRIVELINE ENSURES LONG-LASTING OPERATION — WE NEVER USE GALVANIZED STEEL.

REST EASY KNOWING THAT A RELIABLE BRAKE IS STANDARD ON EVERY LIFT.

OUR BRONZE DRIVELINE BEARING PREVENTS PREMATURE FAILURE FROM FREQUENT LIFTING.

OUR STRONG, ITALIAN-MADE GEARBOX IS THE BEST ON THE MARKET — UNLIKE CHEAPER COUNTERPARTS ON OTHER LIFTS.
